“At Auction Ohio it’s always a good time to Buy & Sell!”

This is a brief summary to assist you in your online bidding experience.

Should you have any questions, please do not hesitate to contact the Auction Ohio manager assigned to the auction in which you would like to participate.

→ Registration

If you are a first time bidder and would like to participate, click on the 'register' button (located above the title to the right). You will be redirected to a Registration Page, where you will submit the required information. You will then be emailed a Bidder Number, which you will use for each auction. This number is to be used over and over again. YOU DO NOT HAVE TO RE-REGISTER FOR A NEW NUMBER EACH TIME. Do not share your bidder information, as you are responsible for ALL bids placed under this Bidder Number. It is important that you update your Bidder Profile, should the information change.

→ Participation

It is important that you familiarize yourself with the AUCTION Terms prior to bidding. Please make sure the auction pick-up dates work within your schedule. You can either bid prior to the auction end date or bid while the auction is in progress. To view **all items** in the auction look to the "Categories" links and click on link titled **["CLICK HERE TO BID"](#)**

→ Placing Your Bids

Once you have signed in under your Bidder Number, the Current Amount is indicated, followed by the next required bid. You may enter that amount or place a higher bid under 'Your Bid' window. **Place your bids per page.** You will be advised if you are the winning bidder at this time. Bids must be submitted per page. You should immediately review your bids once submitted.

→ Max Bids

The 'Max Bid' feature allows you to set the Maximum price that you are willing to spend on that item. Max Bids are not disclosed! If someone places the next required bid, your price will only increase according to their bid. You should immediately review your bids once submitted.

→ Bid Notification

If you have been outbid, you will be notified by email up until midnight EST the night BEFORE the auction ends. If you win any items, you will receive an invoice by email ONLY. You are responsible for checking your email. If you feel you have won an item and have not received an email, please check your SPAM/JUNK mailbox to see if you received an email there. If not, please notify us by email no later than 9am the next day. Your invoice will reiterate the date, time, and location of pickup.

→ Review Bids

To quickly review your bids and see if you have won, you can utilize the 'review bids' feature. Items that you have been outbid on will be clearly marked with a red arrow.

→ Staggered Closing

The online auction closes in increments as detailed in the closing bid terms (1-3 items per minute). This feature will close the bidding on intervals, which works great with the auto-extend feature to closely emulate the excitement of a 'live' auction. **Due to it being a live website you must hit the "refresh" button often on your browser during closing to keep the auction information current so you can bid accordingly.**

→ Dynamic Closing

The closing time of an item is automatically extended an additional 5 minutes whenever a bid is placed within the last 5 minutes of the item's closing time. It will continue to extend 5 minutes until there is no more active bidding.
